WHAT FOLKS ARE SAYING ABOUT US.

{ The outing was AMAZING the staff were great the guys are looking forward to the next GREAT event at Patterson Farm. }

- Michele B

{ We had a wonderful experience on our field trip! So many enriching, educational, and FUN things to do. Thank you! }

- Emily K

{ This by far was the best pumpkin patch we have been to in years. We have tried different ones and none of them hold a candle to your farm. Your staff was great! They were nice, friendly, helpful, and communication for group sales was fantastic. Everything was just so easy and flowed well. We appreciate your farm so much and we will be back year after year. }

- Brandie B

{ I brought a group of special needs adults for the hayride for pumpkin picking. From the time we arrived to the time we left they were so accommodating. I appreciate their kindness and inclusiveness. We look forward to coming back in the spring for strawberry picking! }

- Heather D

{ Great farm. Homeschooling day was great! Super caring and organized staff! Thank you very much and will do again. }

- Michael D

{ We had a wonderful time learning about the stages of dirt. Thanks for everything!! The staff was great!! }

- Stephanie H

GRADE 5 STEM Adventures

GRADES 3-5 STEM Adventures

Corn Maze TOUR

September 14 - November 6, 2026

"Step in the Boots" of agricultural heroes and explore career roles that contribute to feeding the world. Students will journey through the corn life cycle, learning how this important crop grows and why it matters to agriculture and our everyday lives. Through interactive farm experiences and age-appropriate lessons, students connect classroom concepts to real-world farming.

GRADE 5 STEM Adventures

FORCES + MOTION TOUR

November 9 - 20, 2026

We transform our attractions into an outdoor STEM laboratory where students discover the science of force and motion through exciting, hands-on investigations across Patterson Farm.

Students don't simply learn about gravity, friction, force, mass, and motion, they experience these concepts firsthand through interactive challenges that promote critical thinking, teamwork, scientific inquiry, and real-world problem solving while meeting North Carolina 5th Grade Science Standards.
